

Language Tree

Welcoming you to our
Covid-secure and friendly
learning environment

Why join our courses?

After the year we have all been through, you may feel it's not worth the risk of going into a classroom environment at the moment.

That's why we have made some special changes to our school to ensure it can continue to be a fun and welcoming learning environment while also providing a clean and safe space for you to relax in.

OUR COVID-SECURE SCHOOL

1 Hand wash on entry

Electronic hand sanitiser as you come through the door so once in class, everyone has clean hands.

2 Student declaration

All students sign our online declaration to declare they are from a Covid symptom-free household and agree to our Covid-19 safety procedures.

3 Regular cleaning

Desks, chairs and surfaces are cleaned before and after each class. Plus, the school is thoroughly cleaned every day.

4 Study in small groups

Class sizes will be limited to a maximum of 6 students per class ensuring good social distancing while also maintaining the benefits of learning in a group.

Keeping language learning fun and engaging

We believe the best language learning happens when people feel relaxed and comfortable in their learning environment.

That's why we are providing the following things...

Our course features

Covid-secure, safe & fun

Brand new textbook for each student

Perfect for studying in class and at home

Free refreshments

Safely served and prepared by our staff

Small groups

A perfect balance of social distancing and class dynamics
